

The Mass Wing Sentinel

Volume 1 Issue 2

Special Encampment Edition

* Shock and Awe *

Corps cadets wait patiently to be called into the in-processing room and assigned to their flights. The above cadets are all members of CAP's Connecticut Wing. Many cadets at this year's MAWG Encampment are from outside the Wing.

A cadet negotiates the barracks stairs and a 1SGT in his path.

1SGT informs cadets on proper procedures

C/Maj. Belden Speaks Her Mind

Flight staff is "doing a great job," she said, adding "they're giving 100%". MAWG Encampment usually has out of state cadets, but she thinks the influx of cadets from other Wings and cadet programs is a "great learning experience" for everyone. The one drawback in her opinion of Encampment? She'd prefer some nicer barracks.

From the C/PAOs...

Corps and Staff Cadets: We want you! Have an idea for a story, feature, or any other content you'd like to see in the Mass Wing Sentinel? If you've got a second and would like to help us out, write it down and bring it to the Admin Office on the first floor or send it through the chain of command to any C/PAO. Please include your name and your flight's name so we can give you credit for the idea. The PAO staff will reserve the right to filter any content we deem inappropriate.

Guidance

Fr. Anthony Guinta, Chaplain

Dear Lord, please take into your protection the members of the Civil Air Patrol, both the cadets and seniors. Have them work hard and play hard, to have the best encampment with memories for a lifetime. We do this in your good name, Lord God. Amen.
